TerryandTheCuz, an innovative writing and producing team made up of Malaysian and Australian artists, premiered their immersive new musical *Made in America* at Joe's Pub for a run beginning April 30. Created with Martin Blum, Mark Winter, and Chris Ryan, the musical is slated to continue performances through May 19.

According to production notes, "*Made in America* follows two Malaysian screenwriters who, after decades of absorbing American pop culture, set out to write the perfect American film. They struggle between wanting to create the liberal-arthouse-movie America needs or the white-savior-summer-action blockbuster movie that it

wants. Low on sleep, high on caffeine, and short on time, these two dreamers have to find common ground quickly if they are to achieve their pursuit of identity, fame, and fortune."
